KRAB Intelligence Dashboard

KRAB Threat Intelligence Brain

Central operational dashboard for threat intelligence correlation, ATT&CK mapping, malware analysis, campaign intelligence, vulnerability exploitation, infrastructure clustering, and detection engineering.

KRAB Overview

Intelligence Domain	Purpose
Threat Actors	Attribution & adversary tracking
Campaigns	Operational activity tracking
Malware	Capability & tooling analysis
TTPs	ATT&CK behavioral intelligence
Vulnerabilities	Exploitation tracking
Observables	Infrastructure & IOC correlation
Collections	Threat landscape aggregation
